Bed Positioning

Troubleshooting

If bed fails to function:
1. Verify hand control is plugged into control module at head of bed
2. Check that both power switches are turned on under head of bed
3. Check power cord is properly plugged in
4. Change power source
5. For further assistance, call 800-814-9389
Expanding Bed Deck

Position knob to UNLOCK while pulling out section
Expand all sections on both sides to 48”

Retracting Bed Deck
