The first of its kind, Behavioral Health Bed™ is a fully electric bed frame designed in collaboration with behavioral health clinicians to meet the needs of dual-diagnosis patients. The bed ensures patient safety by using PowerSafe™ tamper-resistant fasteners on all electrical parts and lockout controls accessible with a universal key. An anchor point allows the bed to be secured to the floor.

— Fully electric with easy-to-use footboard lockout controls
— Electrical articulation for head, knee, and high/low systems
— Contiguous molded head/footboards and side rails
— Tamper-resistant features include encased wiring and security screws
— Designed in collaboration with behavioral health clinicians
